SUMMARY

Electronics and Communication Engineering graduate with hands-on experience in Java, Spring Boot, REST API development, SQL, Hibernate/JPA, and React.js. Developed full-stack applications featuring database integration, JWT-based authentication, and application workflow management. Familiar with Git, GitHub, and Docker, with a strong foundation in object-oriented programming, data structures, algorithms, and software development fundamentals.

TECHNICAL SKILLS

Programming Language: Java

Backend: Spring Core | Spring Boot | Spring MVC | Spring Security | JDBC | Servlets | REST APIs | JWT

ORM: Hibernate/JPA | Spring Data JPA

Frontend: HTML | CSS | JavaScript | React.js

DataBases: MySQL | PostgreSQL | Oracle

Core Concepts: OOP | Data Structures & Algorithms

Tools & IDEs: Eclipse | VS Code | Git | GitHub | Postman | Swagger | Docker

PROJECTS

NexMart – E-Commerce Web Application
***Technologies*:** React.js, JavaScript, HTML5, CSS3, React Router, Vite, React Hooks, Material UI (MUI), Bootstrap, React Toastify
- Developed NexMart, a responsive e-commerce web application using React.js, JavaScript, JSX, HTML5, and CSS3, featuring product categories, reusable components, and dynamic navigation with React Router.
- Used Material UI (MUI), Bootstrap, and React Toastify to enhance UI design, responsiveness, and user notifications, with Vite for project setup and development.

ColdChainHub
***Technologies*:** *HTML, CSS, JavaScript, Spring Framework, PostgreSQL*
- Built a cold-storage marketplace using **Spring Framework, JavaScript, HTML/CSS, and PostgreSQL**, enabling warehouse listing, availability management, and booking.
- Developed backend functionality for **warehouse and booking workflows** with PostgreSQL-based data persistence.

AI-Powered Smart Job Application & Interview Tracker
***Technologies*:** *Java, Spring Boot, Spring Security, Hibernate/JPA, PostgreSQL, React.js, JWT, REST API, Swagger*
- Built a full-stack application using **Spring Boot, React.js, PostgreSQL, Spring Security, JWT, and Hibernate/JPA** to manage job applications and interviews
- Implemented **JWT-based authentication, REST APIs, interview scheduling, preparation tracking, feedback, and application status management**.

EDUCATION

SJC Institute Of Technology, *Electronics and Communication Engineering* 2022 – 2026
Bachelor of Engineering Chickballapur, 562-101
CGPA: 7.8

Presidency PU College, *Pre-University Education* 2020 – 2022
Percentage : 81.83% Sira, 572-137

CERTIFICATIONS & TRAINING

Java Full Stack Developer — QSpiders | Jan 2026 – Present
Currently pursuing Java Full Stack Development training at QSpiders. Modules covered: Core Java, Object-Oriented Programming(OOP), SQL & MySQL, Data Structures, HTML/ CSS/ JavaScript, React.js. Hands-on experience building responsive front-end interfacesand back-end applications. Actively applying concepts through real-world mini projects and problem-solving exercises.

Java Fundamentals — Coursera
Completed the Fundamentals of Java Programming certification from Coursera, gaining strong knowledge of Java syntax, object oriented programming, and core programming concepts. Developed foundational skills in problem-solving, data handling, and writing efficient Javaprograms through hands-on learning.

ACHIEVEMENTS

State-Level Badminton Championship : Represented KARNATAKA at the State-Level Badminton Championship demonstrating exceptional athletic performance and teamwork.
